

# **GWRRA UNIVERSITY**

## **Help for New Officers**

### **District Ride Coordinator - An Officer of Rider Education**

The District Ride Coordinator will plan District rides of all types throughout the year. It is understood that the District Ride Coordinator is not expected to lead all planned rides.

The District Ride Coordinator is a District Officer. The District Ride Coordinator will be at least a Level III, current in their Levels and a Road Captain.

Using social media (Facebook, Meet Up, Group Works, etc.) the District Ride Coordinator will establish a calendar of available rides, open to all bikes. The District Ride Coordinator will work with the Chapter Ride Coordinators to ensure their rides are included on the District calendar.

The District Ride Coordinator will reach out to all the Members in the District to invite them on rides and work toward inclusion of those who do not regularly participate with a Chapter or the District to have them come out to the rides. Ask the District Membership Enhancement Coordinator for the list of unassigned Members from the ARL to include in the ride invites.

The District Ride Coordinator will work together with the District Educator for the benefit of the Rider Education program each following their specific responsibilities.

The District Ride Coordinator will encourage Membership toward safety and safe riding techniques. They will also share with the Members how to participate in the Rider Education Program.

The District Ride Coordinator will work with the District Educator and the District University Coordinator to plan at least quarterly Education events. The Ride Coordinator will create the fun of the ride to the destination and assist the District Educator along with the University Coordinator to plan the education program. The event should be fun and social with education the theme.

If the District hosts a rally, the Ride Coordinator will suggest/plan rides in route as well as rides during the rally. They will also work with the District Educator for the promotion of the Rider Education program. They will work with the Team and volunteers to put on a rally focused on FUN, socialization, rides and education that fits each District's needs.

**Resources:**

All Program Directors to include; Director of the University, Director of Membership Enhancement, Director of Motorist Awareness, Director of Rider Education, Director of Finance
